Dino-Lite MS16C specimen holder

Specimen holder stand with different clips to hold specimens. Four levels of orientation.

The MS16C specimen holder is a great tool for examining small objects under a Dino-Lite microscope. The pivoting elbow on the MS16C can rotate 180 degrees, while the other joints can rotate 180 degrees, thus creating greater freedom for examining small specimens.

Technical data

Model	MS16C
Unit dimensions (WxLxH)	9 x 8 x 8 cm
Unit weight	appr. 900 gram
other	comes with three types of clips for different user needs
